INTRODUCTION

In accordance with the State of Michigan laws, the Board of Education of Kearsley Community Schools has the authority to make reasonable rules and regulations relative to anything necessary for the proper establishment, maintenance, management and carrying on of the public schools of such district, including regulations relative to the conduct of students while in attendance at school or enroute to and from school.

A primary objective in developing this student code of conduct is to assist all students to develop into responsible individuals and good citizens. The goal of student discipline and management is to create an educational climate in which complete attention can be devoted to the teaching-learning process. Appropriate behavior and discipline in the schools is imperative for providing an atmosphere favorable for learning. The discipline and management of students must be treated as an individual matter. The most effective approach to discipline is preventative in nature. Consequently, parents, teachers and students must work cooperatively to direct students toward positive attitudes and behavior in school.

Kearsley Community Schools have implemented Positive Behavior Support. Students are taught specific behavior expectations in each building. The ultimate objective is to establish a school environment that enhances student growth in abilities, attitudes, and habits essential to acceptable and self-controlled behavior. An important aspect of the growth process is to gain a respect and appreciation for the established rules, regulations and consequences. Violations of these rules and regulations that are harmful to the educational process cannot be condoned or tolerated. While it is necessary to establish and enforce reasonable regulations in the school setting, students will be provided due process in accordance with state and federal laws. By implementing a policy of consistent enforcement of rules, it is hoped that disciplinary issues will be at a minimum and the focus will be on education and learning.

Kearsley Community Schools utilizes Restorative Practices. Restorative Practices means practices that emphasize repairing the harm to the victim and the school community caused by a student's misconduct. Before suspending or expelling any student (except a student who possesses a firearm in a weapon-free school zone), teachers, administrators, and the Board must first determine whether restorative practices would better address the student's misconduct, recognizing the Board's commitment to minimize out-of-school suspensions and expulsions. Likewise, when suspending or expelling a student, teachers, administrators, and the Board must consider whether restorative practices should be used in addition to the suspension or expulsion. Restorative Practices, which may include victim-offender conference, should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption, and harassment and cyberbullying.

I. DISCIPLINARY STEP SYSTEM

- A. The disciplinary steps listed below shall be followed in the administration of disciplinary action. The steps are designed to:
 1. Provide the student with a program that includes ample opportunity for modification of the negative behavior.
 2. Provide consistency in the administration of disciplinary action - i.e., a fair program in that all students charged with the same level of misconduct will receive the same disciplinary action.
 3. Provide for clearly stated, advance knowledge to all students, parents, and staff members of the course of action to be taken in handling disciplinary matters.
 4. Provide a program that is progressive (moderate to most severe action).
- B. The steps shall be administered under the following conditions:
 1. Generally, interventions shall be taken prior to administrative disciplinary action. However, in cases of serious misconduct, interventions may occur simultaneously with administrative disciplinary action. Placement on the step system will be proportionate to the severity of the misconduct.
 2. Once a student is placed on the disciplinary steps, the student may, during the current school year, move to succeeding steps for each occurrence of misconduct. Movement on the steps will be proportionate to the severity of the misconduct.
 3. In recognition of good behavior, students' placement on the step system may be reduced one step when their behavior results in no administrative action, in accordance with the following schedule: The student's placement on the step system shall be reduced one step for each consecutive thirty (30) school days at the high school level, twenty (20) at the middle school, and fifteen (15) school days at the elementary level without misconduct requiring disciplinary action as described in this policy.
 4. With the start of a new school year, students who were placed on the step system in the prior year will return without any steps on their record. However, penalties to be served resulting from the prior school year step placement will be served within the first two (2) week period of the new school year.

C. Legal Basis for School Discipline

1. Michigan School Code of 1976, Article 2, Part 16, Section 380.1300, 380.1311
2. Various Court rulings which further define the role of the Board, administration and staff of schools.
3. Appendix A attached identifies additional areas of legal authority.

D. Minor Behavior Infractions

In conjunction with the Disciplinary Step System, teachers provide proactive strategies and interventions to modify minor discipline infractions in the classroom.

Failure to follow approved school and classroom rules which are consistent with Board policies and administrative procedures. These minor behavioral infractions may include:

- Defiance
- Disrespect
- Disruption
- Dress Code
- Inappropriate language
- Physical contact
- Property misuse
- Tardy
- Electronic devices
- Cheating / copying

After a minimum of three (3) but not more than five (5) infractions for which interventions have been taken and recorded (one of which will be a parent contact), a student will be placed onto the step system. Please note that significant or blatant infractions of these minor behavioral infractions may result in a discipline referral for a major behavioral infraction.

E. Disciplinary Steps

|---------|---|
| Step 1 | Administrative conference with the student to include review of the disciplinary policy and procedures and notification that the next infraction of rules will result in action on at least the 2nd step. |
| Step 2 | Student / parent / teacher or administrative conference (can be done by phone) |
| Step 3 | One-day (short-term) suspension |
| Step 4 | Two-day (short-term) suspension |

G. Mandatory Expulsion

It is the policy of the Board to comply with the federal Gun-Free Schools Act and sections 1310, 1311, and 1311a of the Revised School Code. The Board directs all administrators to refer all incidents that may result in a mandatory suspension or expulsion to the Board. The Board recognizes that, as explained below, in some circumstances it may choose not to suspend or expel a student.

Possession of a Firearm

If a student possesses a firearm in a weapon-free school zone, the Board will permanently expel the student unless the student demonstrates, in a clear and convincing manner, at least one of the following:

- The student was not possessing the instrument or object to use as a weapon or to deliver, either directly or indirectly, to another person to use as a weapon;
- The student did not knowingly possess the weapon;
- The student did not know or have reason to know that the instrument or object constituted a “dangerous weapon”; or
- The student possessed the weapon at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

If a student demonstrates one of the above circumstances in a clear and convincing manner and the student has not been previously suspended or expelled from school, the Board will not expel the student unless the Board finds that, based on the circumstances, expulsion is warranted.

H. Possible Expulsion

1. Possession of a Dangerous Weapon (Other than a Firearm)

If a student possesses a dangerous weapon in a weapon-free school zone, the Board will consider whether to permanently expel the student or to impose a less severe penalty after first considering the following factors:

- The student’s age;
- The student’s disciplinary history;
- Whether the student has a disability;
- The seriousness of the behavior;
- Whether the behavior posed a safety risk;
- Whether restorative practices are a better option; and
- Whether lesser interventions would address the behavior.

Additionally, the Board is not required to expel a student for possession of a dangerous weapon (other than a firearm) if the student demonstrates, in a clear and convincing manner, at least one of the following:

- The student was not possessing the instrument or object to use as a weapon or to deliver, either directly or indirectly, to another person to use as a weapon;
- The student did not knowingly possess the weapon;
- The student did not know or have reason to know that the instrument or object constituted a “dangerous weapon”; or
- The student possessed the weapon at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

The Board will consider the petition, along with any information the Board determines relevant, at its next regularly scheduled board meeting. The Board may either grant or deny the petition. If the Board denies the petition, the student may not enroll in the District. The Board’s decision is final.

6. Bomb Threat or Similar Threat

If a student in grade 6 or above makes a bomb threat or similar threat directed at a school building, other school property, or a school-related event, the Board or its designee will consider whether to suspend or expel the student or to impose a less severe penalty after first considering the following factors:

If the Board denies the petition, the student may not enroll in the District. The Board’s decision is final.

II. DISCIPLINARY PROCEDURES

A. Types of Administrative Disciplinary Actions:

1. Loss of activity privileges
 - a. Building administrators may suspend students from participating in or being present at extracurricular activities.
 - b. Sponsors of activities, including coaches, have full authority to determine who shall be participants in a given situation, but they may remove a student from a given activity only on the basis of predetermined rules which have been approved by the principal or appropriate administrative personnel. Parents and students are to be made aware of school rules or regulations affecting specific activities prior to the beginning of the activity.
 - c. Students under school suspension shall refrain from entering upon school property without prior permission from school authorities.
 - d. Students under suspension shall not participate in or be present at school functions.
 - e. Nothing in this policy is intended to limit a teacher, coach or sponsor in exercising authority requiring a student to leave a particular activity when that student’s behavior violates Board policies or school rules. A report of misconduct of such a student and the action taken by the teacher or sponsor shall be reported to the appropriate school administrator at the earliest possible opportunity, not later than the beginning of the next school day.
2. Closed class or removal from class with loss of credit.
 - a. Definition
 1. A closed class is the denial of the right to attend a class or classes

on a temporary basis during a time when a matter of immediate concern is being resolved.

2. Classes may be closed by a school administrator, for a period not to exceed five (5) days, without a parent/student/administrator conference. Permanent closing of a class(es) may result if all established school procedures fail to modify student behavior.

b. Procedures

1. A closed class may be imposed only after following the procedure applicable to short term suspension.
2. The student will be notified by the proper administrator that a class or classes are closed, the reasons therefore, and what must be done prior to his or her re-entry to the class.
3. Parents of students having classes closed for a period in excess of one day will be notified by mail.
4. A parent/student/administrator conference shall be held prior to permanent class closure. The administrator may remove a student from the course if the nature of the offense leaves the student unable to faithfully complete the requirements of the course (Ex: loss of computer privileges in computer class, or theft from the school store, Co-Op site or other school-related activity, etc.).

3. Social Probation

a. Definition

At times, students become habitual discipline problems involving persistent disobedience and class disruption. When efforts to effect a change in behavior, including parent contact, have been tried and the student's behavior continues to disrupt the educational progress of others, it may be necessary to place the student on social probation. During the period of social probation, the student will be given assignments but will be restricted from the school building or school activities during the period of social probation.

b. Procedures

1. The student will be made aware of the "Social Probation" procedures, the reason for being considered for probation, and the steps necessary for removal from probation and re-entry into the regular school program.
2. A student may be placed on social probation only after following the procedure applicable to short term suspension.
3. Written notice outlining the specific violations and the conditions of "Social Probation" will be forwarded to the student, parent, or guardian by mail prior to the actual placement. A committee made up of two of the students' teachers, the counselor, and a school administrator shall be appointed by the principal, or designee, to serve as a Social Probation Committee. The purpose of this committee is to monitor the progress of the student and to make recommendations as to future status. If the academic program is recommended, the student will follow a program similar to the following:
 - a. The student will be given one week's assignments, books, and supplies necessary to carry out the assignments and sent home for one week.
 - b. At the end of one week, an appointment will be made, at which time the student will bring in the finished work, meet with the teachers to be

advised of necessary work, and be given the next week's assignments. The student will, in addition, be seen by the counselor, then be returned home for one more week.

- c. At the end of the second week, the student will return all completed work, along with a written explanation of why he or she should be allowed back into a regular program. The entire committee will meet to evaluate the work and to determine whether the student should return to school.
- d. The student may be returned to a regular class schedule for an additional two week probationary period or be required to return home for an additional two week period.
- e. If the student is returned to school for the probationary period, the committee shall meet at the end of the two weeks to evaluate the student's progress. The probation may be lifted or continued. In all cases where the probation is continued, or the student is returned home for an additional period, the parent and student shall be made aware of the rationale for such action. In cases where the committee feels it necessary, the process may be reinitiated.

- 4. Students will be given full credit for work completed and for credits earned during this period.
- 5. It may be necessary under certain circumstances to recommend additional support agencies to assist in effecting a desirable change during the period of "Social Probation."
- 6. A written record of all aspects of the case will be documented and will reflect all steps taken by the school.

4. Short Term Suspension

a. Definition

A short-term suspension is the denial of a student's right to attend school. A short-term suspension may be one, two, three, five, seven or ten school days. For suspensions ranging from one to three days, the in-school suspension program may be utilized as an alternative to out of school suspension.

Students serving in-school suspension report directly to the suspension room and spend the entire day working independently on schoolwork. Students are responsible for bringing their schoolwork for the day and will receive credit for assigned work completed while in this program. Students are expected to remain on task and be productive. (At the high school level, students serving in-school suspension will receive ½ credit for "daily" work completed and full credit for tests, quizzes and exams.)

Students serving suspensions may not participate in or attend after school or extra curricular activities on the day or days of suspension.

b. Authority

A principal or designee (hereafter "Building Administrator") has the authority to impose a short-term suspension based upon misconduct.

c. Procedure

- 1. A suspension may be imposed by a building administrator following an informal hearing involving the administrator and the student in which the student is advised of the misconduct with which he or she is charged and the evidence supporting the charge and is given an opportunity to present his or her version of the alleged incident(s).
- 2. At the discretion of the building administrator, other persons may be permitted to attend the hearing or otherwise provide information which will tend to assist in the resolution of the charge.
- 3. Upon the conclusion of an informal hearing, if the building administrator determines that the student has not engaged in misconduct, the charge shall be

- dismissed and all documents reflecting the charge, if any, shall be removed from the student's records.
4. Upon the conclusion of an informal hearing, if the building administrator determines that the student has engaged in misconduct, an appropriate suspension not to exceed ten (10) school days may be imposed upon the student by the building administrator.
 5. Parents will be notified as soon as possible by telephone or letter of the student's suspension and the reasons for the suspension.
 6. During an out of school suspension, the student will be given the opportunity to complete school assignments. The following conditions will apply:
 - a. It shall be the responsibility of the student and/or the parents to initiate the request for schoolwork.
 - a. The student or parent shall have the responsibility for obtaining the assignments in a manner prescribed by the school.
 - c. Work assigned is due upon the student's return to school.
 7. Major projects, quizzes, tests and exams, as defined in the high school attendance policy under the category of make-up work, will be accepted for full credit.
 - a. At the high school level, during suspensions up to 20 days, assignments may be completed for one half credit.
 - b. At the elementary and middle school level, students suspended up to twenty days may complete assignments for full credit.

III. SHORT TERM SUSPENSION APPEAL PROCEDURES

- A. Should the student and parent or guardian request a review for the student regarding the suspension, that review shall be held before the building principal.*
- B. A review at the building level shall be held within three (3) school days of the suspension unless the parents request a delay. A delay may be granted for as long as one week. If a review does not occur within a week, the disciplinary action will go into effect.
- C. During the appeals process, said student shall remain in class unless the offense is deemed a threat to others or so extremely disruptive that the student's presence interferes with the rights of others. Students who have appealed a suspension may not attend or participate in after school activities, clubs, sports, etc. while the appeal is pending.
- D. The building principal is the final level of appeal on short term suspensions, except in cases where the principal was the suspending administrator or a witness against the student. In such cases, the appeal shall be directed to the designated central office administrator, whose decision shall be final.

IV. LONG TERM SUSPENSION OR EXPULSION PROCEDURES

- A. Definition
 1. A long-term suspension is the denial of a student's right to attend school, be present on school grounds, and attend any school function for a period in excess of ten (10) school days. The Superintendent/central office designee shall have the authority to suspend a student for up to twenty (20) school days. Any suspension beyond twenty (20) school days shall be approved by the Board of Education.
 2. Expulsion is the total and permanent exclusion of a student from the Kearsley Community School District.
- B. Authority
 1. The Superintendent/central office designee has the authority to impose a long-term suspension up to twenty (20) school days based upon misconduct.
 2. The Board of Education has the authority to long-term suspend or expel based upon misconduct.
- C. Procedure

1. A long-term suspension or expulsion may be recommended to the Superintendent/central office designee by a building administrator following an investigation of charges of misconduct by a student and an offer to the student and his or her parents or guardians of a meeting involving the administrator and the student in which the student shall be advised of the misconduct with which he or she is charged and the evidence supporting the charges and is given the opportunity to present his or her version of the alleged incident(s). At the discretion of the building administrator, other persons may be permitted to attend or otherwise provide information which will tend to assist in the resolution of the charges.
 2. Upon the conclusion of an investigation of the charges by the building administrator and upon the conclusion of the meeting, when requested, if the building administrator determines that the student has not engaged in misconduct, the charges shall be dismissed and all documents reflecting same, if any, shall be removed from the appropriate academic records of the student.
 3. Upon the conclusion of an investigation of the charges by the building administrator and upon the conclusion of a parent meeting, when requested, if the building administrator determines that the student has engaged in misconduct which merits the imposition of a long-term suspension or expulsion, the building administrator shall recommend in writing to the Superintendent or designee that the student be so disciplined, identifying the basis(es) upon which the building administrator's recommendation is founded. The building administrator may also, upon making such determination, impose an immediate suspension of the student, pending further review of the recommendation.
 4. Upon receipt of a recommendation from a building administrator for a long-term suspension or expulsion of a student, the Superintendent or designee shall review such recommendation and shall determine, based upon the information before the Superintendent, whether to forward the matter to the Board of Education for a hearing to determine the appropriateness of expulsion or to retain the matter for a parent meeting to determine the appropriateness of a long-term suspension or to take such lesser action as is appropriate.
 5. If the Superintendent or designee determines that it is appropriate to pursue either a long-term suspension (beyond twenty [20] days) or expulsion, then the Superintendent or designee shall schedule a hearing before the Board of Education.
 6. Prior to the hearing before the Board of Education, the Superintendent shall notify the student and his or her parents or guardians of their opportunity for a hearing on the charges in closed or open session, at their election, and the date the hearing has been scheduled.
 7. RE-ADMISSION: Following expulsion, the student shall not be readmitted to any school within the Kearsley Community School District except by action of the Board of Education. After an expelled student's absence from school for the remainder of the following semester, the student or, on his or her behalf, the parent or guardian thereof, may seek re-admission by applying to the Board of Education through the Superintendent or designee. The Board of Education may readmit the student if he or she can satisfactorily demonstrate that he or she has made a sincere effort at rehabilitation subsequent to the expulsion and will not represent a threat to the safety and welfare of the students of the Kearsley Community School District. The Board of Education shall base its decision in part on the severity of the incident leading to expulsion. The Board of Education may further qualify re-admission upon specified conditions which it determines are appropriate. An application for re-admission shall be filed no earlier than forty-five (45) days but no later than fifteen (15) days prior to the commencement of the semester for which re-admission is sought. The decision of the Board of Education is final. this policy, the school board or its designee shall refer the student's name to the County Department of Social Services of the County Community Mental Health Agency. The school board or its designee shall notify the student's parent or guardian of the referral, or notify the student of the referral if the student is at least age eighteen (18) or is an emancipated minor.

- b. If a student is expelled pursuant to this policy, the parents or legal guardian of the student, or the student if at least eighteen (18) years of age or if an emancipated minor, may petition the school board for reinstatement to public education in the school district, but only in accordance with the terms of this subsection. (These reinstatement terms shall also apply to students expelled from another school district for possession of a dangerous weapon, arson, or criminal sexual misconduct, and who may be seeking to be reinstated to public education in the Kearsley Community School District).

 5. Within ten (10) days following the appointment for the reinstatement committee, the committee shall review the petition for reinstatement any supporting documentation and any recommendation and supporting documentation submitted by the superintendent or his or her designee on the issue of reinstatement, and shall submit a recommendation to the school board regarding reinstatement. The recommendation shall either be for unconditional reinstatement, or conditional reinstatement, or against reinstatement. The recommendation shall be based upon consideration for all of the following factors:
 - a. The extent to which reinstatement of the individual would create a risk of harm to students or school personnel.
 - b. The extent of which reinstatement of the individual would create a risk of school district or individual liability for the school board or school district personnel.
 - c. The age and maturity of the individual.
 - d. The individual's behavior since the expulsion and the prospects for remediation of the individual.

The decision of the school board is final, and not subject to reconsideration or appeal.
 7. If the school board renders a decision to reinstate an individual conditionally, the school board may require an individual, or the parent or legal guardian if the petition was filed by the parent or legal guardian, or agree in writing to specific conditions before conditionally reinstating an individual to public education in the school district. (Such proposed conditions may also be included in support of a petition for reinstatement). The conditions may include but are not limited to, any of the following:
 - a. Agreement to a behavior contract, which may involve the student, a parent or legal guardian, or an outside agency;
 - b. Participate in or completion of an anger management program or other appropriate counseling;
 - c. Periodic progress reviews; and,
 - d. Specific immediate consequences for failure to conform to condition(s), including, but not limited to, immediate re-expulsion.

3. Continued Educational Opportunities

Efforts shall be made to offer information regarding opportunities to students on suspension to continue their education.
4. Suspension/Expulsion of a Student Enrolled in Special Education

If a student is handicapped, or suspected of being handicapped, according to state and federal mandates, rules and/or regulations, the Board shall not conduct the hearing prior to the completion of a review and evaluation by an Individualized Education Planning Committee (IEPC). The student shall not be excluded from school longer than ten (10) school days or otherwise changed in his/her educational program placement during the pendency of the review or evaluation by the IEPC and the exhaustion of the appeal procedures related thereto without the written agreement of the parents to an interim change in placement or obtaining a court order excluding the student from attending school in an appropriate case where the safety of students is involved.

KEARSLEY COMMUNITY SCHOOLS

Acceptable Use Policy for Technology Resources / Bring Your Own Device STUDENT GUIDELINES FOR K-12

Purpose

The purpose of this document is to set forth guidelines for accessing the District's technology resources ("Technology Resources"). Technology Resources are any type of instrument, device, machine, equipment, technology, or software that is capable of transmitting, acquiring, or intercepting, any telephone, electronic, data, Internet, audio, video, or radio transmissions, signals, telecommunications, or services, and include without limitation (1) internal and external network infrastructure, (2) Internet and network access, (3) computers, (4) servers, (5) storage devices, (6) peripherals, (7) software, and (8) messaging or communication systems and the use of individually owned devices on the District network.

Bring Your Own Device

Many students today possess devices that give them mobile access to information and resources 24/7. Outside school, students are free to pursue their interest in their own way and at their own pace. The opportunities are limitless, borderless, and instantaneous. In an effort to put students at the center and empower them to take control of their own learning, the Kearsley Community Schools will allow students to use personal digital learning devices in school for certain educational purposes at the discretion of teachers. For the purpose of this program, the phrase "personal digital learning device" means a privately owned wireless portable electronic piece of equipment including but not limited to laptops, netbooks, tablet computers, iPod Touches, and smart phones. Students wishing to participate must follow the responsibilities stated in this document.

Google Apps for Education

As a leader in using technology to increase learning opportunities for our students, Kearsley Community Schools partners with Google Apps for Education. (<http://www.google.com/apps/intl/en/edu/k12.html>) Google Apps for Education is used by thousands of schools and universities worldwide to make collaboration tools available for students, which includes document creation tools, spreadsheets, presentation and drawing tools, website design, calendars, Google Classroom, email, and other useful collaboration tools. Google Apps collaboration tools will make it possible for students to work together virtually on documents, presentations and projects via the web. Google Apps provide an online storage space for files, eliminating most needs for flash drives between home and school, and also integrating directly into online learning management systems allowing students to electronically submit assignments. Email accounts are required by many web-based educational tools, and also allow students and teachers to communicate and collaborate in a safe and structured manner with their class. Web-based learning tools provide free access to storytelling, concept mapping, video editing and visual presentation tools. The District will provide accounts to students *in grades 6-12*. The District has carefully considered students' online safety in setting up the procedures and rules for student accounts. Throughout the year, your child may have assignments that are completed using tools like Google Docs and Google Sites and will receive instruction from teachers about the Google tool at that time. Students should consider their school email as an extension of the classroom, subject to the same rules of respect and courtesy that we expect in school. Parents are also encouraged to talk with their child about online manners and safety. As you talk to your child about the acceptable use of email, you might use an analogy of adults' work and personal emails. Most employers ask that work email only be used for work, and employers have access to view and limit use of email to make sure it is used appropriately. The same will be true of school email accounts. School email accounts must comply with the Federal Children's Internet Protection Act (CIPA). Student emails received from a school email account (whether from any home, school or public computer or mobile device) will go through filtering software that scans for language and images. Student email addresses will have restrictions on what can be received. Google uses very powerful filtering tools and makes every effort to block inappropriate content; however, technology is ever-evolving. If a student receives any inappropriate emails, they should be reported to an adult and forwarded or printed and shared with the school.
